Technical Requirement:

- Product description: It meets the design and test requirements of SAE J1772-2010 or IEC 62196-2017; Control box meets the design and test requirements of IEC 61851-2017
- Product performance: Voltage rating 240V  
 Current rating 32A  
 Dielectric Withstanding Voltage >2500V
- Appearance of the product: No oil stain, burr or other defects affecting the function of the product are found on the surface of the product.
- Resistance: R6, 150 Ω; R7, 330 Ω; Rc220 Ω
- Control dimension: The dimension marked is the key dimension, which needs to be controlled.
- Environmental protection requirements: products meet RoHS requirements;
